

FORM CRS
A SUMMARY OF YOUR ADVISORY RELATIONSHIP WITH TIER ONE WEALTH MANAGEMENT
MARCH 12, 2026

ITEM 1 – INTRODUCTION

Tier One Wealth Management is registered with the Securities and Exchange Commission (SEC) as an investment adviser. Brokerage and investment advisory services and fees differ, and it is essential for you to understand these differences. Free and simple tools are available to research firms and our Financial Professionals at [Investor.gov/CRS](https://www.investor.gov/crs), which also provides educational materials about broker-dealers, investment advisers, and investing.

ITEM 2 - RELATIONSHIPS AND SERVICES

WHAT INVESTMENT SERVICES AND ADVICE CAN YOU PROVIDE ME?

Tier One Wealth Management offers investment advisory services to retail investors. Our Firm manages advisory accounts on a discretionary basis. In a discretionary account, you have granted written investment authority to your Financial Professional to execute purchase and sell orders in your advisory accounts without consulting with you first. You may limit our discretion by imposing reasonable restrictions on investing in certain securities or groups of securities. Our firm monitors your agreed-upon asset allocation target and investments within your advisory account(s), on an ongoing basis to align with your investment goals. This service is included as part of the Firm's standard advisory services. Our Firm requires a minimum portfolio value of \$100,000. This minimum portfolio value requirement is negotiable. Our Firm offers financial planning and consulting services for our clients. Financial Planning services can be provided on a stand-alone basis or in conjunction with our investment management services. In a consulting engagement, you will be required to select your own investment managers, custodians, and/or insurance companies for the implementation of consulting recommendations.

QUESTIONS TO ASK YOUR FINANCIAL PROFESSIONAL:

- Given my financial situation, should I choose an investment advisory service? Why or why not?
- How will you choose investments to recommend to me?
- What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean?

[FOR MORE INFORMATION, REFER TO OUR FIRM'S ADV PART 2A BROCHURE - ITEM 4, 7, 8, 13 & 16](#)

ITEM 3 - FEES, COSTS, CONFLICTS, AND STANDARD OF CONDUCT

WHAT FEES WILL I PAY?

Our Firm charges an annual investment advisory fee based on a percentage of assets under our management. The investment management fee includes investment management supervision, trade entry, and other account maintenance. Our investment management fees are based on a percentage of the total account value. Our maximum annual investment advisory fee is 2.5%, billed in arrears on a monthly basis based on market value. You pay this fee even if you don't buy or sell investments. The more assets in your advisory account(s), the more you will pay in fees, and therefore, our Firm has an incentive to encourage you to increase the assets in your account(s). Our firm charges a fee of 0.5% for retirement planning services billed on a monthly basis in arrears based on market value. Your custodian will charge transaction costs, custodial fees, redemption fees, retirement plan, and administrative fees, or commissions. The mutual funds and/or ETFs held in your advisory account(s) will charge management fees and other expenses. Our other firm fees are billed as follows: Fees for financial planning services range from \$1,000 to \$7,500 for a comprehensive financial plan with an hourly fee of \$300/hour. Fees for consulting services are negotiated on an hourly range of \$300/hour or a fixed dollar amount. You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

QUESTIONS TO ASK YOUR FINANCIAL PROFESSIONAL:

- Help me understand how these fees and costs might affect my investments.
- If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

**WHAT ARE YOUR LEGAL OBLIGATIONS TO ME WHEN ACTING AS MY INVESTMENT ADVISER?
HOW ELSE DOES YOUR FIRM MAKE MONEY AND WHAT CONFLICTS OF INTEREST DO YOU HAVE?**

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because

they can affect the investment advice we provide you. Here are some examples to help you understand what this means. Asset-based fees present a conflict because our Firm is incentivized by encouraging you to invest additional funds in your advisory accounts. Asset-based fee compensation also poses a conflict when: a) Advising you to rollover a 401(k) balance, when equivalent and less costly options are available if funds are left with the employer's fund manager. b) Advising against making a large charitable contribution to get a tax deduction (but decrease assets under management). d) Advising you to take a margin position in your managed account. Brokerage and advisory services are different, and the fees our firm and the broker-dealer charge for those services are different. Registered representatives charge a transaction-based commission each time they buy or sell a security in a brokerage account. As a result, they have an incentive to trade as much as possible in order to increase their compensation. Our Firm utilizes promoters and pays compensation to independent third parties for the referral of clients to our Firm. Our Firm allows our Financial Professionals to invest in the same securities as you; therefore, our Financial Professionals may have an incentive to favor their personal accounts over your advisory account. Lastly, some of the products, services and other benefits provided by your custodians are used in servicing all of our Firm's advisory accounts and therefore may not directly benefit your advisory account.

QUESTIONS TO ASK YOUR FINANCIAL PROFESSIONAL:

- How might your conflicts of interest affect me, and how will you address them?

HOW DO YOUR FINANCIAL PROFESSIONALS MAKE MONEY?

Our Financial Professionals receive a salary and may receive a bonus. Compensation is set with the intention of attracting and retaining highly qualified professionals. Compensation is based on a variety of factors, including the number, value, and complexity of accounts under management, the performance of those accounts, and client satisfaction and retention. Some of our Financial Professionals are insurance licensed and receive commissions, trails, or other compensation from the respective insurance companies as a result of effecting insurance transactions. However, you have the right to decide whether to act on the recommendation. We recognize our duty to place your interests first and have established policies in this regard to avoid any conflicts of interest. While some of our Firm's Financial Professionals are engaged in outside business activities, we are required to disclose material outside business activities and any conflict it may pose to you. Our Firm supervises the business activities of our Financial Professionals through our compliance program. All Financial Professionals are required to follow a Code of Conduct to mitigate any conflicts to you.
